*“Fine American Bedrooms”*

Presenting the lasting beauty of solid hardwood. In a world of change and trade offs, it's good to know that a few things still remain unchanged. Whether you opt for the straight, simple lines of the classic Shaker, the Mid Century feel of the Crescent Creek or the Old World look of the Le Chateau, you can know that your furniture is crafted the way heirlooms have been for centuries. Here at Cupola Furniture, each craftsman takes his place in a long history of fine furniture craftsmanship by hand selecting wood, using joinery techniques that stood the test of time, and finishing it off with hand planing or fine finish sanding to create an heirloom for you. Added to the construction detail is a multi-step hand applied finish designed to withstand years of use. Each piece is tailored to your personal taste, with a beauty that goes way beyond what meets your eye. You can rest easy knowing that Old Times are still here. Solid Wood. Solid quality. Solid value. Made in America.
